The Daily News

IS the leading Paper in Medicine Hat in point of influence and circulation.

It goes into practically every home in the city, and can truly be called "Medicine Hat's Home Newspaper."

It produces greater results for the advertiser than any other paper.

No advertising campaign in Medicine Hat can be thoroughly effective without the use of The News.

More copies are distributed every evening than there are residences in the city.

Introduction

We have pleasure in presenting this the first edition of Henderson's Medicine Hat and Redcliff Directory. The canvas of the city, necessary to the publication of this work, clearly indicates that the city is of a permanent character and we have endeavored to faithfully chronicle progress, for it is generally recognized that there is no better means of spreading information concerning a city, or of making known its commercial and social advantages than through the medium of a thorough, up-to-date City Directory. Such a work we have endeavored to make this present issue.

The Classified Section in the back part of the volume, like the Miscellaneous, is so arranged as to be of the greatest value for ready reference. The information in both sections is comprehensive and pertains to everything regarding the City.

The publishers desire to thank their patrons and the general public for the unfailing courtesy shown their representatives, and also to say that they appreciate most thoroughly the confidence which the business men of Medicine Hat and Redcliff have had in them and their work.

Very truly,

HENDERSON DIRECTORIES ALBERTA, LIMITED.

City of Medicine Hat

PART I.--Descriptive Glossary

The following information, supplied by the Press, accurately describes a centre of interest in the Province which is tending to develop into, and become the leading manufacturing town of the West.

LOCATION

The City of Medicine Hat is situate on the bank of the South Saskatchewan River, on the main line of the C. P. R., 660 miles west of Winnipeg.

Like all other Western towns, it has passed through a series of municipal development, until, at the present time, it can boast of all the essential features that any other city can offer and at the same time carries on its municipal government on the single tax basis, with a lower municipal taxation than any other city of its size in the West.

WATERWORKS SYSTEM

In the year 1900 it started its first proposition of water works. Through the growth of the town this has been augmented from time to time until 1911, when the plant had a total capacity of two million gallons per pay. At that time it was evident that the future of Medicine Hat as an industrial centre was absolutely determined, and realizing this, the Council inaugurated a larger scheme for the development of the water system. This entailed the moving of the entire plant some two miles up the river and installing a system with a daily capacity of six million gallons with mechanical filter and a reservoir on the hills to the west. This work is now completed and cost in the vicinity of \$500,000.00. The reservoir has a storage capacity of three million gallons and feeds the high levels of the city direct. The present standpipe is used as a regulating chamber for the low levels of the city upon which is maintained a pressure of 80 lbs., while on the high level a pressure of 50 lbs. is maintained. In order to increase the efficiency of the water department from a point of view of fire protection, the city has purchased and has in operation a motor fire engine which is capable of delivering 750 gallons of water per minute against a pressure of 150 lbs. to the square inch. In addition to this they have a motor driven by aerial truck, and a motor hose truck.

With this apparatus and the completion of the water works, Medicine Hat is able to boast of a pure domestic water supply and exceptionally good fire protection. The water department is operated as a municipal enterprise and at the present time is self-sustaining.

Power Production

NATURAL GAS BELT OF THE PROVINCE

In 1902 the natural gas fields were definitely located at this point, and since that time this has been exploited as a municipal enterprise and in the last five years has paid \$225,000 net to the city treasury. The gas, as found in the Medicine Hat fields, has a natural pressure of over 550 lbs., and although the same has been used for ten years, there has been no diminution in the original pressure, thereby showing the vastness of the field. Besides this the gas is absolutely dry and for this reason is easily and economically distributed. The analysis of the gas is as follows :

Methane	99.49 per cent
Hydrogen51 per cent
Oxygen	a trace

The field has been exploited over an area of 100 miles in length and 50 miles in breadth. Besides the strata the city is now using there is a strata 650 feet deep which gives a yield with a certain amount of moisture. This strata has not as yet been used for municipal enterprise. The city has at the present time 20 wells to the 1000 feet level in use, the minimum discharge of any one of these wells being not less than 2,750,000 and the average discharge of each well is three million cubic feet per 24 hours. To the domestic consumer the gas is sold at a rate of 13½ cents per 1,000 cubic feet and to manufacturers at from 1 to 5 cents per 1,000 cubic feet.

ELECTRIC LIGHT AND POWER SYSTEM

In 1910 the city started an electric light plant in order to meet the requirements of the various industries which were locating in the city. This plant was completed in the fall of 1911 and had a daily capacity of about 300 K. Ws. In conjunction with the new water works installation an additional 2,000 H. P. was installed in order to meet the consumption of the industries already located. The rates already established enable manufacturers to obtain power on an equivalent basis to that furnished by hydro-electric development. It is possible for the city to do this on account of the cheap fuel obtained from the gas.

GRADED STREETS AND IMPROVEMENTS

The city has about 14 miles of concrete sidewalks and approximately 9 miles of plank sidewalks and about 21 miles of graded streets.

In 1910 the Council adopted the principal of installing parks at various intersections throughout the city. These have been improved from year to year until at the present time they are veritable beauty spots. In order that the appearance of the city may be improved from year to year, nurseries have been established and trees distributed to the property owners free of charge. These municipal improvements, together with the climatic conditions, make this town an ideal residential city.

SEWAGE DISPOSAL

In addition to the afore described enterprise, the city has installed and established a domestic sewage system which covers

the thickly settled portions of the town. This system is maintained by a frontage tax on the property which it improves. In addition to the disposal of the domestic sewage, the city has inaugurated a system of surface drainage for the handling of surface water drainage, which, combined with the curb and gutter and boulevarding, renders a very attractive effect to a great portion of the city as well as the satisfactory disposal of the drainage.

EDUCATIONAL FACILITIES

Medicine Hat can boast of the best schools, both in appearance and educational advantages, of any city in the west.

The religious institutions have splendid edifices for religious services. All these features, together with the advantages of the cheap fuel, tend to attract the manufacturers and with the railroad development place Medicine Hat without a serious competitor in this western field.

MANUFACTURING INDUCEMENTS

In 1910 an active policy to attract manufacturers was inaugurated and this policy has been followed energetically ever since, with the result that at the present time it can be truly said that Medicine Hat is the manufacturing centre of the middle west.

COAL AREAS

The natural resources around Medicine Hat cannot be too much magnified. Foremost among these is the huge deposits of coal already being mined.

It is probable that in the near future this district will become a large coal mining centre, as the quality of coal produced is of the highest order.

The following is an abstract of an analysis made by Mr. C. B. Stevens, Mining Engineer, of Calgary:

Water	5.3 p. c.
Volatile Matter	36.5 p. c.
Fixed Carbon	58.0 p. c.
Ash	5.3 p. c.

AGRICULTURAL PROSPECTS

For many years a great deal of the territory around Medicine Hat has been considered unsuitable for farming. During recent years this land has been developed and it has been definitely proven that the best wheat in the world can be raised through the fact that Mr. James A. Johnston has been awarded the World's Prize for the best bushel of Red Fife wheat.

Immediately to the west of the city lies the largest irrigated tract of land in Canada, over 1,000,000 acres being owned by the Canadian Pacific Railway, and 380,000 acres by the Southern Alberta Land Company. Improved farms are being sold by both these companies. It is thus realizing the possibilities of this territory and the natural distributing advantages owing to the geographical position of the city, together with the cheap fuel available, that is attracting these large milling enterprises to this city, and these facts would indicate that the future possibilities for this city are without parallel in Western Canada.

RAILROAD FACILITIES

The city is now situated on the main line of the Canadian Pacific Railway at its junction with the Crow's Nest Branch. In addition, the Canadian Northern Railway Company has purchased terminal facilities and right of way in the city and have assured the manufacturers locating in this town that they will have their road completed to this point by 1915. This road will pass north and south through Alberta, intersecting the several transcontinental roads of the province and will thus prove a most valuable distributor as it will place this city in touch with all the other cities of the Western Provinces and give a market unexcelled by any locality in Canada.

The Grand Trunk Pacific Railway Company have stated that it is their intention to build into the city from the southeast at as early a date as possible. Their line and right of way is already located at Swift Current, the first division east of Medicine Hat and it is evident that with the manufactured tonnage that will be produced in this city during 1914 they cannot afford to delay their construction beyond that year.

Medicine Hat

The Industrial Giant of the Canadian West

In the fall of 1883 the steel of the Canadian Pacific Railway, on its way to the Pacific Coast, was laid into the then hamlet of Medicine Hat—a matter of a little over thirty years. For years, however, it was prominent chiefly as being a divisional point on the railway and as a ranching town. Several legends are given as to how the place received its name—one that is never forgotten. Certain it is, however, that there were many Indians hereabouts and that medicine men were among them, and that one of them hung his top hat on a pole in front of his tepee here at the crossing of the South Saskatchewan river, in the days when the prairie schooner or the hurricane deck of a nimble but treacherous cayuse were the only means of locomotion.

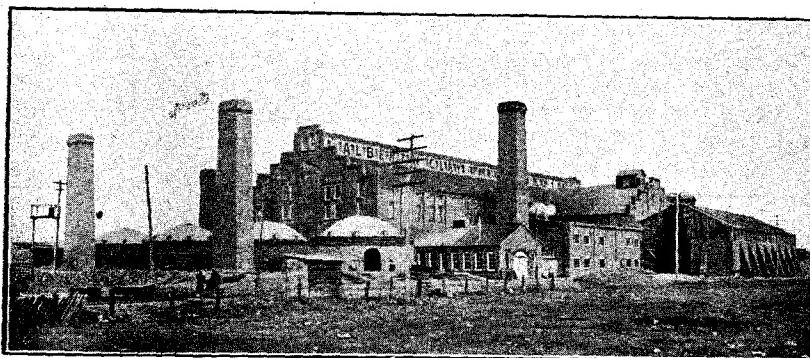

About ten years after the first toot of a railway engine was heard in this valley, Sir Wm. Van Horne, then president of the C. P. R., believing the country to be underlaid with coal, loaned the town a drilling rig for boring. Drilling was started, and after many vicissitudes natural gas was reached. That was a wonderful boon, and the municipality wisely declined to sell the franchise to a private company.

To-day there are twenty natural gas wells within the city limits, and although the cost to the householder for cooking, lighting and heating is but 13½c per thousand cubic feet, and to the manufacturer from one cent to five cents per thousand, it is a source of no little profit to the city—in addition to furnishing the cheapest power in the world, bar none. In five years, after allowing for overhead, maintenance, interest on debentures and sinking fund, the city has made \$227,171 net in the natural gas department; last year the net was \$79,000.

Located approximately half way between Winnipeg and Vancouver, on the main line of the greatest railway system in the world, with the city owning and administering its natural gas franchise; with a coal mine half a mile from the city limits having contents of many

millions of tons; with a magnificent water system—the only surprise to the newcomer is that Medicine Hat has not made greater strides than are now evident. However, there are some things in which Medicine Hat is unique among western cities.

It is the only city owning its natural gas, water and electric light systems—make a note of that. It is the only place in Western Canada that, during this readjustment year of 1914, is building several large factories. It has practically no empty business places or residences. It has more than twenty industries that are steadily manufacturing goods and shipping them to other and less favored points in the prairie provinces—to say nothing of those that are now in process of building or have contracted to build in Medicine Hat. In short, its foundation is on such a substantial basis that it continues to make progress in good times and quiet times.

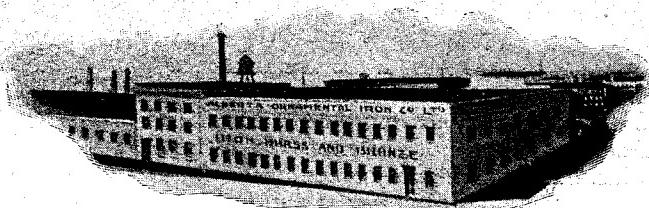

Alberta Clay Products Co., Medicine Hat

As yet Medicine Hat has but one railway—the C. P. R. and being at the terminal of the Crow's Nest Pass branch and the Suffield branch of the same system. However, the Canadian Northern has shown its faith in the place—as well as a desire to secure some of the rich tonnage originating here—by spending some \$250,000 in terminals and station grounds, and has entered into a contract with the city to commence construction to Medicine Hat in 1914. The Grand Trunk Pacific, also, has made surveys and will undoubtedly seek its share of the traffic to be had here.

While iron, steel and clay products are made here in great variety, Medicine Hat is becoming notable now for its extensive flour mills—the number of which is steadily growing. The Ogilvie's have a 2,000-barrel mill here representing a cost of upwards of a million. The Lake of the Woods Company has purchased the Medicine Hat Milling Co., and is now spending \$100,000 in enlargements and improvements, so that 2,000 barrels can be made daily. The Maple Leaf Milling Co. is at this writing spending more than half a million dollars in a flour mill that will handle 3,000 barrels daily, starting with 1,500 barrels. Still another large mill is expected to begin construction in 1914. Thus the capacity will soon be about 7,000 barrels daily, which is likely to be increased in the near future—not a little of the product being sent to the Orient.

Medicine Hat's real growth dates from but three or four years back—and largely in the last two years. In 1910 the population was but 4,000, while today it is estimated from 15,000 to 17,000. In 1910 the building permits were but \$205,650, and in 1913 they reached a

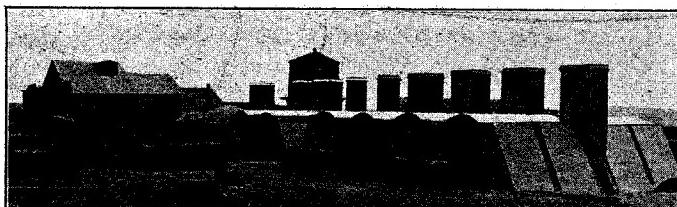

Ornamental Iron Works, Redcliff

total of \$3,851,572. Other municipal statistics are of a like nature, and show that, while the growth has been rapid, it has also been on a solid basis, that of industries.

For church accommodations Medicine Hat is well in the van, having a dozen or more edifices, some of them costing around \$100,000 each, notably the Methodist and Roman Catholic. Almost all the religious beliefs are represented here, the organizations being in a flourishing condition.

Educationally, Medicine Hat's people believe in being liberal and have acted on that belief. The result is that the city now has eight brick and stone school buildings, and this year will see a large addition to the equipment, including a \$300,000 technical high school, two more brick grade schools and a primary school. In the last year the school population has increased at least fifty per cent. The live school board intends to keep up with the demands, although they have been heavy for the last two years.

Redcliff Brick and Coal Co.

Not only does Medicine Hat own all its public utilities, and has natural gas, coal and water in the greatest abundance, but the city also owns some 1,500 acres of land within the city limits, which is available for industrial or park purposes. Already it has some six miles of industrial spur tracks, and thus with its cheap power, heat and light, is in an ideal position to attract manufacturers. For industrial purposes a site of suitable size can be had at bare cost—and the land was acquired when it was cheap—together with natural gas at the nominal rate of but one cent per thousand cubic feet. This means, under gas engine, according to the city engineer, that power will cost but \$2 per annum per horse-power, on a ten-hour basis. It is little wonder that Medicine Hat has attracted and is continuing to attract a wide variety of industrial captains and that they are making good here.

New industries, besides the above inducements, secure electric energy and water at manufacturers' rates and have single tax—no taxes whatever on improvements, the city being on the single tax basis. In fact, they are encouraged in every legitimate, businesslike manner. Following is a list of the industries, established, in process of building or contracted for:

PART IV.

Redcliff

In what must eventually become the manufacturing belt of Western Canada, Redcliff occupies a most prominent position through its immeasurable advantages over other places.

Location

Redcliff is situate on the north bank of the South Saskatchewan River, and on the main line of the Canadian Pacific Railway, about mid-way between Winnipeg and Vancouver.

NATURAL RESOURCES

Rich Coal Deposits

Redcliff has one of the largest working coal mines in Western Canada, with a shipping capacity of one thousand tons per day. This high-grade coal is in great and constantly increasing demand.

Natural Gas

Redcliff has an unlimited supply of Natural Gas, containing 1,100 B. T. H. units per cubic foot. This is supplied to manufacturers at five cents per thousand feet (equivalent to coal at a cost of one dollar per ton); and to domestic consumers at a correspondingly low rate.

Clay Deposits

Redcliff has already attained distinction in the production of bricks that are hard, durable and capable of heavy weight and severe resistance. Dry-pressed, re-pressed, wire-cut, fire-proofing, hollow, and all kinds of fancy building brick are manufactured. Three large plants are operating throughout the entire year. Redcliff has all the raw materials for high-grade pottery, Portland cement and other allied lines of manufacture.

Silica Sand

Silica sand, in abundance, from which a superior quality of glass is made, is another resource of no small proportion. The Dominion Glass Company Ltd. (Hollow Glassware and Bottles), are in full operation. This is one of the finest plants in the Dominion—the "last word" in construction and equipment. The H. Munderloh Co. will shortly erect an equally modern plant for the manufacture of sheet glass—the first to be made in all Canada.

Cheap Power

Nature has given Redcliff a strong advantage in its possession of Cheap power (\$2.40 per horse power, per annum, per ten hour day). Cost of production is reduced to a very low point. In the grind of competition, Redcliff's manufacturer has a safe margin of profit on this basis alone. Redcliff's inexhaustible supply of pure water is one

of the crowning features of that combination of resources which makes well-balance development not only possible, but inevitable. Water from the Saskatchewan is passed through a natural system of filtration. A reservoir capacity of 300,000 gallons and efficient distribution to all parts of the city is already accomplished.

Unique Industrial Opportunity

Redcliff's level, accessible area makes possible the grouping together of allied industries, with all the advantages of easy shipping and distribution, for a fraction of the cost involved in other places. "Overhead" charges growing out of cost of construction at points where territory is uneven, and where other natural disadvantages have to be overcome, are eliminated at Redcliff.

Big Industries in Operation

- 1.—Redcliff Brick & Coal Co., Ltd. Employees, 200.
- 2.—Alberta Ornamental Iron Co., Ltd. Employees, 150.
- 3.—Redcliff Clay Products Co., Ltd. Employees, 100.
- 4.—Redcliff Rolling Mill & Bolt Co., Ltd. Employees, 100.
- 5.—Redcliff Pressed Brick Co., Ltd. Employees, 100.
- 6.—Dominion Glass Co., Ltd. Employees, 125.
- 7.—Redcliff Motors Co., Ltd. Employees, 50.
- 8.—Redcliff Sash & Door Factory, Ltd. Employees, 75.
- 9.—Alberta Improvement Co., Ltd. Employees, 50.

Factories Under Construction

- 1.—H. Munderloh & Co. (Glass). To employ 200.
- 2.—Redcliff Hat & Cap Factory, Ltd. To employ 50.
- 3.—Alberta Shoe Manufacturing Co., Ltd. To employ 75.
- 4.—Alberta Glove Co., Ltd. To employ 50.

Factories Under Contract to Build

- 1.—Alberta Steel Co., Ltd. To employ 200.
- 2.—S. M. Knechtel Furniture Co., Ltd. To employ 50.
- 3.—Redcliff Rosery & Greenhouses. To employ 8.
- 4.—Redcliff Brewing Co., Ltd. To employ 35.
- 5.—Hammond Stooker Co., Ltd. To employ 75.

Distributing Area

Within a radius of from a hundred to two hundred and seventy-five miles of Redcliff, are Calgary, Edmonton, Regina, Saskatoon, Moose Jaw, Swift Current, Weyburn, Battleford, North Battleford, Athabasca and Lethbridge. And between all these, hundreds of smaller towns and villages are clamoring for the products Redcliff's factories will distribute.

Schools and Churches

Redcliff has a large, modern school, well equipped and affording all the advantages to be found in a city many times its size. Church services are conducted under the direction of the various denominations. Commodious church buildings will be undertaken during the year, completing the setting which goes to make a happy, enthusiastic and progressive community.

Postal Information

RATES OF POSTAGE

FIRST-CLASS MATTER.

LETTERS

Letters posted in the City addressed for delivery in City or within the district covered by Letter Carrier Delivery, 1 cent per ounce or fraction thereof.

Letters addressed to places in Canada, Mexico and United States, including Guam, Hawaii, Panama Canal Zone, Phillipine Islands, Porto Rico and Tutuila, 2 cents per ounce or fraction thereof.

Letters addressed to places in Canada must be at least partially prepaid, and those addressed to Mexico and the United States must be prepaid at least a full rate (2c.). Otherwise they will be sent to the Dead Letter Office.

Letters addressed to places in Canada and partly prepaid will be forwarded, subject on delivery to double the amount of unpaid postage.

Letters for the United States should bear the name of the State as well as that of the Post Office.

Letters addressed to mere initials, or fictitious names, will not be delivered unless addressed in care of a resident or to some box in the Post Office.

Letters addressed simply to a street number or to a room number in a specified building without the name of a person, firm, etc., may be delivered, provided there is only one household or firm in occupation of the premises indicated; otherwise letters so addressed will be sent to the Dead Letter Office as insufficiently addressed.

Every letter for the city should bear name, street and number, no matter how well known the name may be; otherwise it is an incomplete address, and delivery may be delayed.

The abbreviations St. and Alta. are often so scribbled as to be indistinguishable. The word City, or Saskatoon, should always complete city address.

RE-DIRECTED LETTERS.

Re-directed letters are not liable to any additional postage if handed back to the Post Office with a changed address at the moment of delivery or as soon as possible thereafter, provided always the change in the address does not require the letter to be sent to any place to which the postage rate is higher than was at first payable. In this case the additional postage, if not prepaid, will be collected on delivery.

Re-directed letters should not be dropped into a Post Office Box or Receiver unless additional postage has been put on to carry them to their second destination.

REQUEST LETTERS

Letters from places in Canada, Newfoundland, Mexico and the United States, covered by envelopes, bearing a request, either printed or written, that the letters be returned to the sender if not delivered within a certain specified time, will be returned as requested if not delivered in the time stated.

Requests, whether printed or written, on packages of Third or Fourth-class matter, and on transient newspapers for return in case of non-delivery, will be complied with; but a charge will be made for such direct return equal to the original postage charge.

SPECIAL DELIVERY LETTERS

Letters are sent to their City Addresses between 8 a.m. and 7 p.m. daily, except Sunday, bearing, in addition to the usual

prepayment of 2 cents an ounce, a "special delivery" Canadian stamp, addressed to the following cities in Canada: Berlin, Brandon, Brantford, Brockville, Calgary, Charlottetown (P.E.I.), Chatham, Ft. William, Edmonton, Fredericton, Galt, Guelph, Halifax, Hamilton, Hull (Que.), Kingston, Lethbridge (Alta.), London, Moncton (N.B.), Montreal, Moose Jaw (Sask.), New Westminster (B.C.), Niagara Falls (Ont.), Ottawa, Owen Sound, Peterboro, Port Arthur, Quebec, Regina, St. Catharines, St. Hyacinthe, St. John, St. Thomas, Sarnia, Saskatoon (Sask.), Sault Ste. Marie (Ont.), Sherbrooke, Stratford, Sydney (N.S.), Toronto, Trois Rivieres, Vancouver and Victoria, Windsor, Winnipeg. The 10 cents "special delivery" stamp may be obtained at any post office.

American Special Delivery Stamps may be obtained at the Stamp Counter.

EXPRESS LETTERS AND PARCELS

There is immediate delivery of "Express" letters and parcels, so marked, addressed to United Kingdom. Fee payable thereon on letters is 6c. a mile from addressee's post office. Fee payable on parcels, 10c., can be prepaid

POST CARDS

For Canada, Mexico and the United States, 1 cent each. For Great Britain, Newfoundland and all Postal Union countries, 2 cents each. Reply cards for Canada and the United States, 2 cents each. Nothing must be attached to a Post Card.

Private Post Cards, duly prepaid 1 cent each by postage stamp, may be posted in Canada for delivery within Canada, Mexico, and the United States.

Private Post Cards may have a reply card attached bearing 1 cent stamp.

Post Cards (official or private) may be posted in Canada addressed for delivery in any Postal Union country, postage 2c. each. Such cards are admissible as "printed matter," provided they conform to the regulations governing same, in which case the postage rate is 1c. each.

The limit of size for a Private Post Card (Domestic) is 6 in. long by 3½ in. wide.

The British Post Office will recognize as entitled to return to this country the reply halves of Canadian Domestic Reply Post Cards upon which the additional 1 cent postage stamps required have been affixed.

For fear of the reply side of a double post card becoming uppermost, enclose it in a small India-rubber ring.

Legal Documents and Commercial Papers

Legal Documents and Commercial Papers, and all other matter either wholly or partly in writing (except the matter specially mentioned under Third-class), are liable to letter rate of postage, 2 cents per ounce, when posted for delivery in Canada.

These papers may be sent to Great Britain, Newfoundland, United States, and all Foreign countries at 5 cents for the first 10 ounces, and 1 cent for each additional 2 ounces. Must be sent in covers open at the ends, so as to be easy of examination.

SECOND-CLASS MATTER.

NEWSPAPERS FROM OFFICE OF PUBLICATION

The despatch of newspapers by mail from office of publication, is governed by the regulations of the Post Office Act, 61 Vic. cap. 20, and all information respecting enclosures, sample copies, etc., can be obtained at the General Post Office.

Transient Newspapers and Periodicals.

Transient newspapers and periodicals for any place in Canada, Mexico or the United States, 1c. per 4 ounces. For other countries see Foreign Postal Rates published in Post Office Guide.

THIRD-CLASS MATTER.

Books, Matter Partly Printed or Wholly in Print and Miscellaneous Matter

On Books (printed), Pamphlets, Circulars (printed or produced by a multiplying process), Catalogues, Hand Bills, Blank Forms, Prices Current (printed), Calendars, Show Cards, Maps, Prints, Drawings, Plans (without specifications), Engravings, Lithographs, Photographs (on card or paper), Visiting Cards (printed or engraved), Sheet Music, Printed Stationery, Official or Private Post Cards (when sent in bulk to a separate address) and all matter wholly in print, when addressed to Canada, Mexico, United States, Newfoundland, and all other countries the rate is 1c. for each 2 ounces or fraction thereof. Limit of weight to Canada, 5 lbs., but a single book, 10 lbs. Limit to United States, 4 lbs. 6 ozs., and to United Kingdom, 5 lbs. For other Postal Union countries, 4 lbs. 6 ozs. No packet addressed to Canada may exceed 3 feet 6 inches in length nor may the combined length and girth of any package exceed 6 feet. When addressed to other countries, except to the United Kingdom, when the limit is 2 ft. x 1 ft. x 1 ft., the limit in size must not exceed 18 ins. in any direction unless in the form of a roll, when a length of 30 ins. is allowed, provided the diameter does not exceed 4 ins.

Book and Newspaper Manuscript, Printer's Copy and Printer's Proof Sheets, when posted for delivery in Canada, or the United States, the rate is 1c. for each 2 ozs. or fraction thereof. Limit of weight to Canada, 5 lbs.; to the United States, 4 lbs. 6 ozs.

The rate on this class of matter, when addressed to places in Mexico, is 1 cent per 2 ozs.; limit of weight, 4 lbs. 6 ozs.

Manuscript, when not accompanied by proof sheets, addressed to Great Britain and all foreign countries, with the exception of the United States and Mexico, must be prepaid as commercial papers.

Manuscript, when accompanied by proof sheets relating thereto, may pass to Great Britain and all foreign countries at the rate of 1c. for each 2 ozs. or fraction thereof. Limit of weight to Great Britain, 5 lbs.; to other countries, 4 lbs. 6 ozs.

All such matter must be put up in such a way as to admit of the contents being easily examined.

CIRCULARS

are communications in print, or produced by a multiplying process easily distinguished from typewriting, which are posted to several individuals, and couched in identical terms. A circular may, without becoming liable to a higher rate of postage, be signed and dated in handwriting and may also contain the name of the addressee in writing at the top.

The postage on Circulars produced in imitation of typewriting or handwriting by a multiplying process, is 1c. per 2 ozs., when at least 20 copies in precisely identical terms are handed in to the Post Office at one time.

Circulars typewritten are liable to letter rate.

Printed Matter Addressed "The Householder"

Circular matter, duly prepaid, may be posted, addressed simply "The Householder," without the name of any person, or indication of street or number, and will be delivered at every house so far as the supply permits, in places in Canada where there is free delivery by letter carrier. The number of householders in city offices, where the letter carrier system is in operation, can be ascertained on application at the Postmaster's Office.

PATTERNS AND SAMPLES

Bona fide Patterns and Samples of Merchandise, not exceeding 3 lbs. in weight, and not of saleable value, may be sent to any place in Mexico, at 1 cent for each 2 ounces or fraction thereof. Must be put up so as to admit of inspection. Goods sent in execution of an order, however small the quantity may be, articles sent by one private individual to another, not being actually Trade Patterns or Samples, are not admissible. Limit of size, 30 inches in length by 1 foot in width or depth. The rate on these articles when addressed

to other countries is 2 cents for the first 4 ozs. or fraction thereof, and 1c. for each additional 2 ozs. or fraction thereof.

Limit of weight to United Kingdom is 5 lbs.; limit of size, 2 feet in length by 1 foot in width or depth.

The limit of weight to other Postal Union countries is 12 ozs.; limit of size, 1 foot in length by 8 ins. in width, and 4 ins. in depth. If in form of roll it may be 12 ins. in length and 6 ins. in diameter.

Patterns and Samples up to 12 oz. in Canada are 1c. per 2 oz.; over 12 oz. Parcel Post.

PARCELS POST

Rates of Postage on Parcels mailed in the Province.

Addressed to any post office within 20 miles including place of mailing: 1lb 5c;

Addressed to any post office beyond 20 miles but within the Province of Saskatchewan: 1 lb 10c; 2 lb 14c; 3 lb 18c; 4 lb 22c; 5 lbs 26c; 6 lbs 30c; 7 lbs 34c; 8 lbs 38c; 9 lbs 42c; 10 lbs 46c; 11 lbs 50c.

Addressed to any post office in Manitoba or Alberta: 1 lb 10c; 2 lbs 16c; 3 lbs 22c;

Addressed to any post office in Ontario or British Columbia: 1 lb 12c; 2 lbs 20c; 3 lbs 28c; 4 lbs 36c; 5 lbs 44c; 6 lbs 52c; 7 lbs 60c; 8 lbs 68c; 9 lbs 76c; 10 lbs 84c; 11 lbs 92c.

Addressed to any post office in Quebec: 1 lb 12c; 2 lbs 24c; 3 lbs 34c; 4 lbs 44c; 5 lbs 54c; 6 lbs 64c; 7 lbs 74c; 8 lbs 84c; 9 lbs 94c; 10 lbs \$1.04; 11 lbs \$1.14.

Addressed to any post office in the Maritime Provinces: 1 lb 12c; 2 lbs 24c;

The Maximum charge on any parcel shall not exceed 1 cent an ounce.

Note.—An additional charge to meet the extra cost of transportation will be made on parcels addressed to or posted at offices in certain outlying districts when such parcels have to be conveyed more than 100 miles by a continuous stage service, such districts to be designated by the Postmaster General.

Seeds, Cuttings, Bulbs in Canada are subject to Parcels Post Rates. These articles can only be sent to the United States at the 1 cent per ounce rate. Limit of weight, 4 lbs. 6 oz.

FOURTH-CLASS MATTER.

MERCHANDISE, ETC.

comprises such articles of general merchandise as are not entitled to any lower rate of postage. When addressed to places in the United States, the postage is 1c. for each ounce or fraction thereof. Limit of weight in Canada 11 lbs.; to the United States, 4 lbs. 6 ozs.; of size, 3 ft. 6 ins. in length, but the combined length and girth of any packet must in no case exceed 6 ft. Matter claiming to be Fourth Class must be open to inspection, and there must be no correspondence enclosed, except invoices and accounts of the articles enclosed, (when addressed to Canada only). Packages of Fourth Class matter may be sent to the United States, including Porto Rico, Hawaii, Panama Canal Zone and Philippine Islands, if prepaid 1 cent per ounce, but the contents will be liable to Customs Inspection and collection of duty in the United States. Sealed tins containing fish, lobster, vegetables, meats, etc., if put up in a solid manner and labelled in such a way as to fully indicate the nature of their contents, may be sent as Fourth Class matter within the Dominion, but no sealed matter can be forwarded to the United States under this head. Liquids, oils and fatty substances may be sent to places in Canada and the United States as Fourth Class, if securely put up.

REGISTRATION

Money letters should always be registered.

Every article intended for registration must be handed in at the wicket and a receipt obtained therefor.

The fee on all classes of articles addressed to countries to which matter may be registered is 5 cents.

The sender of a registered article posted in Canada for delivery in Canada, or in any other Postal Union country, may entitle

himself to a certificate as to the disposal of the said article by the Postmaster at the office addressed, on prepayment of an additional fee of 5 cents. All classes of matter may be registered to all destinations in Canada and (with the exception of that sent by parcel post) throughout the Postal Union; and letters may be registered to most of the countries not included in the Union.

Senders of registered articles are requested to put their names and addresses in the upper left hand corner of the cover.

The public are reminded that registered letters are only carried on trains that are accompanied by a railway mail clerk. Hence a registered letter and an ordinary letter posted simultaneously will often be received at different times.

In case of the loss in the Postal Service of a registered article posted in Canada for delivery in Canada, the addressee, or, at the request of the addressee, the sender, is entitled to an indemnity, which in no case shall exceed twenty-five dollars, or the actual value of the lost registered article when the same is less than twenty-five dollars, provided no other compensation or reimbursement has been made therefor.

FOREIGN AND COLONIAL MAILS

Rates of Postage

The postage rate on letters mailed in Canada, addressed for delivery in the United Kingdom and the following British Possessions, is 2 cents per ounce or fraction thereof: Aden, Ascension, Australasia, Bahama Islands, Barbados, Basutoland, Bechuanaland, Protectorate, Bermuda, British States in Siam, British East Africa, British Guiana, British Honduras, British New Guinea, British North Borneo Company's Territory (including Colony of Labuan), British Agencies in French Settlements in India, British Solomon Islands, British Somaliland, British Postal Agencies in China, viz.: Amoy, Canton, Chefoo, Foochow, Hankow, Hoihow, Liu-Kung-Tau (Wei-Hai-Wei), Ningpo, Postal Agencies in Morocco, viz.: Alcazar, Casablanca, Fez, Larache, Marrakesh, Mazagan, Mequinez, Mogador, Rabat, Saffi, Tangier, and Tetuan; Cape Colony, Cayman Islands, Ceylon, Cyprus, Egypt, Falkland Islands, Fanning Island, Fiji, Gambia, Gibraltar, Gold Coast Colony, Grenada, Hong Kong, India (Brit.), including agencies at Bahrain, Guadur, and Muscat, and Gyantse, Pharijong, and Yatung (Chumbi), in Tibet; Jamaica, Lagos, Leeward Islands, Malay States, Malta, Mauritius, Natal, Newfoundland, New Zealand (including Cook Islands), Nigeria, Norfolk Island, Nyassaland Protectorate, Orange River Colony, Papua, Rhodesia, St. Helena, St. Lucia, St. Vincent, Sarawak, Seychelles, Sierra Leone, Straits Settlements, Soudan, Tobago, Transvaal, Trinidad, Tristian, D'Acunha, Turk's Islands, Uganda, Zanzibar.

The Countries included in the above list are all embraced in the Postal Union, and, with the exception of the reduction in the Letter Rate and in the Newspaper Rate to the United Kingdom, Bahamas, Barbados, Bermuda, British Guiana, British Honduras, British North Borneo, Ceylon, Cyprus, Falkland Islands, Fiji, Gambia, Gibraltar, Hong Kong, Jamaica, Leeward Islands, Malta, Mauritius, Newfoundland, New Zealand, Nigeria, Sarawak, Seychelles, Sierra Leone, Trinidad, Tobago, Turk's Islands, United South Africa, and Zanzibar, the Postal Union rates and Regulations remain in force.

Transient newspapers and periodicals printed and published in Canada may be sent to places indicated in the preceding paragraph at the rate of 1 cent per 4 ozs. or fraction thereof. Other papers at the rate of 1 cent per 2 ozs.

RATES TO OTHER POSTAL UNION COUNTRIES.

Letters, 5 cents per ounce or fraction thereof, and 3 cents for each additional ounce or fraction thereof; Post Cards, 2 cents each; Newspapers, Books, Photographs, Printed Matter, etc., 1 cent per two ounces; Samples, 2 cents for first four ounces, 1 cent for each additional 2 ounces; Commercial Papers, 5 cent for first 10 ounces, 1 cent for

each additional 2 ounces; registration fee, 5 cents. Packets of photographs for Italy exceeding 3½ ounces in weight can only be forwarded when prepaid at parcel post rates.

Letters containing Gold, Silver, Jewelry, or anything liable to customs duties, cannot be forwarded by post beyond the Dominion. Such articles when addressed to the United States must be sent forward as Fourth-class matter. To all other foreign countries (excepting those to which their entry is prohibited) these articles must be forwarded by Parcel Post.

Postage stamps must be placed on the address side of Post Cards and other unenclosed cards sent abroad.

INTERNATIONAL REPLY COUPONS

for the purpose of enabling the senders of letters to other countries to provide for prepayment of the replies can be purchased at Canadian Post Offices for 6 cents each. These Coupons are exchangeable for postage stamps of the value of 5 cents in any of the countries participating in the arrangement, and the names of such countries can be ascertained on enquiry at Stamp Counter, General P. O.

PARCEL POST

Direct Parcel Post Exchanges are in operation between Canada and the countries mentioned in the following table, the rate and limit of weight being as specified in each case:

	Rates of Postage.	Limit	For	For each	of
			first	succeeding	Weight.
	lb.	lb.	lb.	lb.	lb.
Australian Commonwealth (except West Australia)	24c	24c	11	lbs.

United Kingdom	12c	12c	11	"	

Bahamas, Barbados, British Guiana, Jamaica, Leeward Islands, Mexico, St. Lucia, St. Vincent, Tobago and Trinidad, for the first pound, 12 cents; for each succeeding pound, 12 cents; limit of weight, 11 lbs.

*The rates on parcel post to all parts of China having been increased, they cannot be shown in the above table. Parties wishing to mail parcels to that country are, therefore, advised to ask at the Post Office as to the rates.

Parcels may also be sent via England to nearly all other countries. Rates and special conditions may be found in the Official Postal Guide, or learned on enquiry at Post Office or any of the Branch Offices.

No correspondence must be enclosed. A Custom's Declaration of the contents and value of each parcel must be filled up at the Post Office, or one of the branches, and attached to the parcel by the sender.

No parcel sent from Canada by parcel post to the United Kingdom, or to another country via the United Kingdom, may contain an enclosure bearing a different address from that on the cover of the parcel.

Parcels addressed to the United Kingdom must not exceed 30 ins. in length by 1 ft. in width or depth, nor must the combined length and girth exceed 6 ft. Parcels will be accepted, however, 3 ft. 6 ins. in length, and having a combined length and girth not exceeding 6 ft., provided the contents are articles which could not be packed in shorter parcels, such as umbrellas, golf clubs, etc.

Parcels addressed to any country other than the United Kingdom must not exceed 2 ft. in length by 1 ft. in depth.

No parcel may contain coin or bullion exceeding five pounds sterling in value; in case of coins a special exception is made, allowing coins which are clearly intended for purposes of ornament to be enclosed in

parcels, even if their value exceeds five pounds.

The importation of the following articles into the United Kingdom by Parcel Post is prohibited:—Letters, explosive and dangerous articles, foreign reprints of British Copyright works, acetylene, extracts or other concentrations of coffee, chicory, tea or tobacco, snuff work, tobacco stalks, tobacco stalk flour, prison-made goods, saccharin, and substances of a like nature or use, rags, shoddy, and live animals (except bees in properly constructed cases).

POST OFFICE SAVINGS BANKS

are established at the General Office. Sums of \$1.00 or any multiple of \$1.00 can be deposited, but the maximum sum which may be received from any one depositor in any year, ending the 31st March, is \$1,500, and the total sum which may be received to the credit of any depositor is \$5,000. Interest, 3 per cent.

MONEY ORDERS

Office Hours at Head Office—From 8 to 22.

POSTAL NOTES

The Postal Note System established by the Post Office Department affords a cheap and convenient means for remitting small sums.

Are sold and paid at more than 10,000 Post Offices in Canada.

May be bought as quickly as Stamps.

May be bought during all Post Office Hours.

Can be crossed to ensure safety.

To meet the public interest the rates have been fixed at very moderate figures, as follows:

1c. on note for ..	\$0.20	2c. on note for ..	\$0.90
1c. " .. .25	2c. "	" .. 1.00

Odd cents may be made up by affixing Canadian Postage Stamps not exceeding 9 cents in value to the face of a Postal Note, if the same is for remittance to a place in Canada.

Additional Postage Stamps must not be attached to Note by payee.

Canadian Postal Notes can be made payable at any Post Office in the United States transacting Money Order business. If the payee resides in a city, the Notes must be drawn on the Main City Office, not on a sub-office or station.

Postage Stamps must not be affixed to Postal Notes drawn for payment in the United States.

Canadian Postal Notes are payable only in Canada and the United States.

British Postal Orders issued in the United Kingdom and British Possessions are payable at the Main Office in the following cities in Ontario: Ottawa, Kingston, Toronto, Hamilton, Brantford, London and Windsor; and also at the principal cities in the other provinces of Canada.

GENERAL POSTAL INFORMATION

A large number of letters reach the Post Office every day which are undeliverable, by reason of the absence of street and number from the address, while serious delays and vexatious errors occur all the time from the same cause. Whether in business or residential districts, "street and number" form an indispensable part of the address of letters. If business men, however well known, have their street and number printed on their stationery, their correspondents avail themselves of the information, and the Post Office and public are both benefited. Delay to the extent of at least one delivery must occur when reference to the City Directory is necessary.

CITY LETTERS.—Where an addressee's name is in the City Directory, the writer has the same means of completing the address as the post office has, and delay in delivery is avoided.

A street runs sometimes for miles under the same name, and a dozen or more carriers serve its several parts. Where the house number is omitted from the address in such streets, the letter will be returned to writer for amended address, instead of, as heretofore, being tried on every carrier serving that street, and prompt delivery will result. If referred to our Directory Clerks, the wrong person must often be "tried" and time is lost in the same way.

Thinking to save trouble in their own offices, persons mailing circulars, catalogues, etc., in large numbers often address them omitting street and number; thus entailing certain delay in sorting and equally uncertain delivery. Banks and companies posting notices and dividend cheques are constant offenders in this way. In the interest of the senders these will be returned in bulk for better address.

Persons living in the neighborhood of the Post Office sometimes complain that they receive letters no earlier than those who live in the suburbs. It would seem almost unnecessary to state that every carrier begins his walk practically at the same time. The position of a house in the carrier's walk governs the time at which letters are received there. These walks are meant to be covered in one hour, or two, according to district and the number of deliveries made in the day. The hour of the first delivery accords with the arrival of morning trains from the East; and a majority of people object to receiving letters before 8 a.m.

Merchants or others having much mail matter to post at or about 6 p.m., when their offices close, are advised to insist on their messengers carrying the matter to the General Post Office, thus avoiding occasional overfilling of the street letter boxes in the central district.

Persons posting circular notices of meetings, etc., where immediate despatch is of importance, would do well to hand them in at the Post Office with intimation to that effect.

The growing habit of using in an address the fancy title of a house, instead of merely the plain street and number, is a frequent source of error at the sorting cases, where the work has to be done by a rapid glance, and the title of the house happens also to be the name of a post-town.

A Carrier is not required to leave letters at any house where he may be in danger of a vicious dog. The owner must call at the General Delivery, till the dog is tied up or otherwise disposed of.

Many persons telephoning to the Post Office resent the reply that their request must be put in writing. But obvious mischief might result from orders for the disposition of correspondence given by an unrecognized voice.

Unused Postage Stamps not being redeemable by the Department should not be used for the remittance of small sums of money, as Postal Notes have been introduced for that purpose.

A letter once posted becomes the property of the person to whom it is addressed, and must be forwarded according to its direction. On no application, however urgent, can it be delivered back to the writer or to any other person.

The sending of a letter or any communication or document subject to letter postage in an open cover does not in any way diminish its liability to letter rate of postage.

Letters bearing mutilated stamps, or stamps so soiled and defaced as to make it impossible for the sorting clerks to decide whether they have been used before or not will be sent to the Postmaster General for his adjudication.

DETAILS OF LETTER CARRIER DELIVERY.

All City drop letters must be addressed with Street name and number thereon or same will be returned for better address.

All 2nd, 3rd and 4th class matter must be fully addressed to Street and number or it will be returned for fuller directions.

The word "street" is always understood.

System of Street Names and Numbering

The city has been divided into four sections, namely: North, South, West, and the district south of the river and east of Division Avenue, which has no name now. The North district is north of the river and east of Division Avenue and is that part which was formerly known as Northeast. The South district is south of the river and west of Division Avenue, formerly known as Southwest. The district now known as West is that part which lies north of the river and west of Division Avenue, and was formerly called Northwest. The fourth district is that which was formerly known as Southeast, and comprises that part situated south of the river and east of Division Avenue. This district now has no name.

The number of the street will indicate the distance from the divisional street or avenue. The abbreviations N., etc., will be used in each case. The river is the dividing line for the streets and consequently Esplanade will be First Street or First Street West according to whether east or west of the West Road Allowance.

The avenues are numbered from the West Road Allowance which will be known as Division Avenue. On the north side of the river the other avenues will be First, Second, etc., North and West, while on the south side of the river the avenues will have no district name or will be South according to whether it be east or west of Division Avenue, and will be numbered in the same way from Division Avenue.

What is now Fourth Avenue will be Sixth Avenue, as it lies south of the river and east of the West Road Allowance which will be known as Division Avenue.

South Railway Street and North Railway Street will retain their names. The streets on the hill and south of the

C.P.R. tracks, formerly known as 5th A, B, C and D, are now changed to Aberdeen, Belfast, Cambridge and Dundee. On the north side of the C.P.R. tracks, the streets formerly known as 5th A, B, C, D, E, F and G, are now named just "A" Street, "B" Street, etc. The portion of Sixth Street which lies north of the C.P.R. tracks is now known as "H" Street.

In numbering the streets it was found best to begin, not with 100 as was first planned, but with one. Thus in the first block from the dividing avenue or the river the numbers begin with 1. In the second block they begin with 101 and in this way the number of the block is always one more than the first figure or figures of the street number. Thus number 532 would be in the Sixth block.

In determining location with the new names and numbers it will be necessary to remember several things.

First—All avenues run north and south.

Second—All streets run east and west.

Third—There are four divisions of the city and the streets and avenues are named after their respective divisions, with the exception of the Southeast district which now has no name.

Fourth—The number of the block is one more than the first figure of the street number.

NOTE.—The arrangement in the following Street and Avenue Directory is in numerical order, with Avenues preceding Streets. Streets and Avenues not numerically named appear last in alphabetical order.

Where the odd and even numbers on an Avenue or Street are separated, the South side (odd numbers) on Avenues will appear first and the West side (odd numbers) will appear first on Streets.
